ISO 13485: 2003 and ISO 9001:2008 Certifications***

Dear Mr. Sullivan,

On behalf of BSI, please accept our sincere appreciation for retaining us as your ISO 9001 certification Registrar since 2005.

This letter confirms that in June and September 2011, we have conducted the Stage One and Stage Two audits for your additional certifications, and that upon satisfactory review and closure of any open nonconformities, we will be issuing your certificates anew.

By applying for ISO 13485:2003 registration in addition to ISO 9001, Valmark Industries, Inc., is clearly demonstrating its commitment to Quality Management and its desire to comply, in particular, with global medical industry requirements.

BSI looks forward to working with Valmark Industries, Inc., in the coming months and years to help you meet your business objectives.

Yours sincerely,
